

Bugs are Fun

©Sindy Rodenmayer 2007

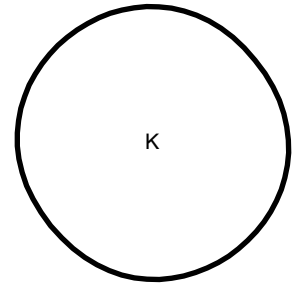

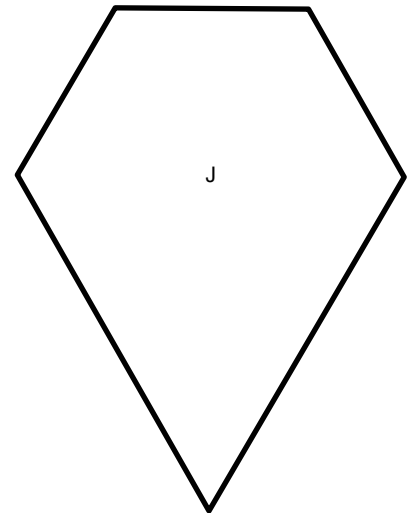

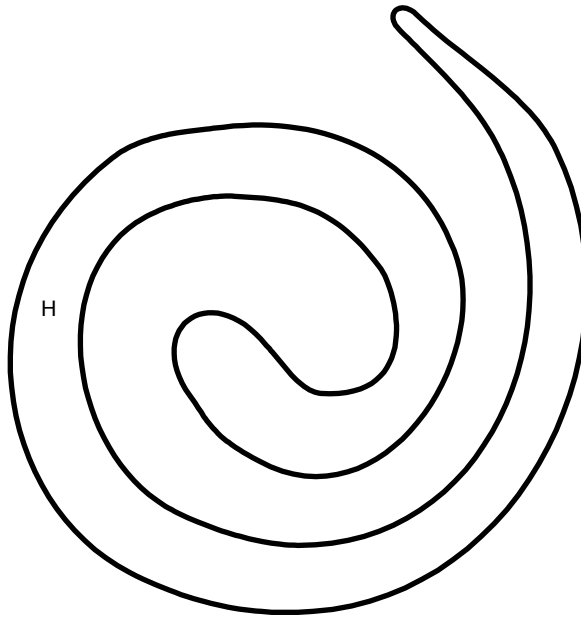

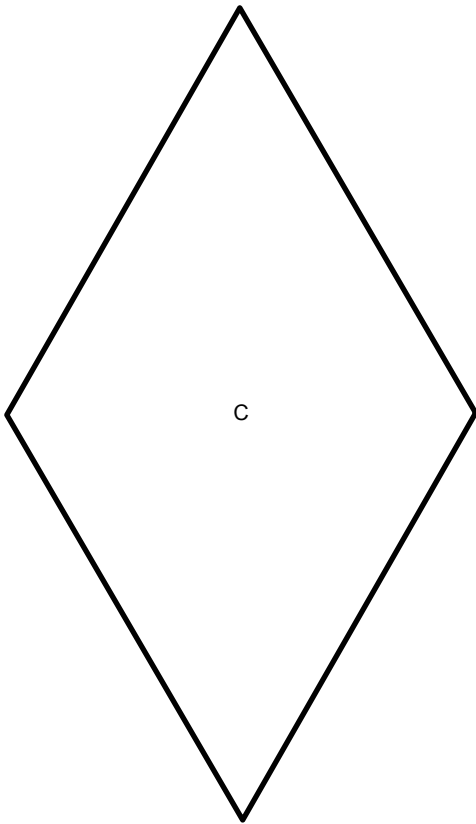

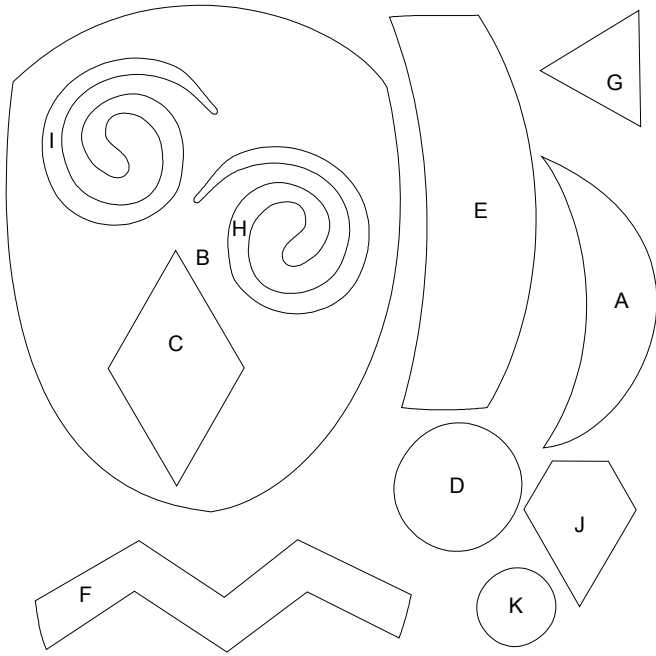

What boy isn't captivated by bugs? Delight the little scamp in your life with these fun colorful beasties. The blocks measure 12 ½ inches unfinished.

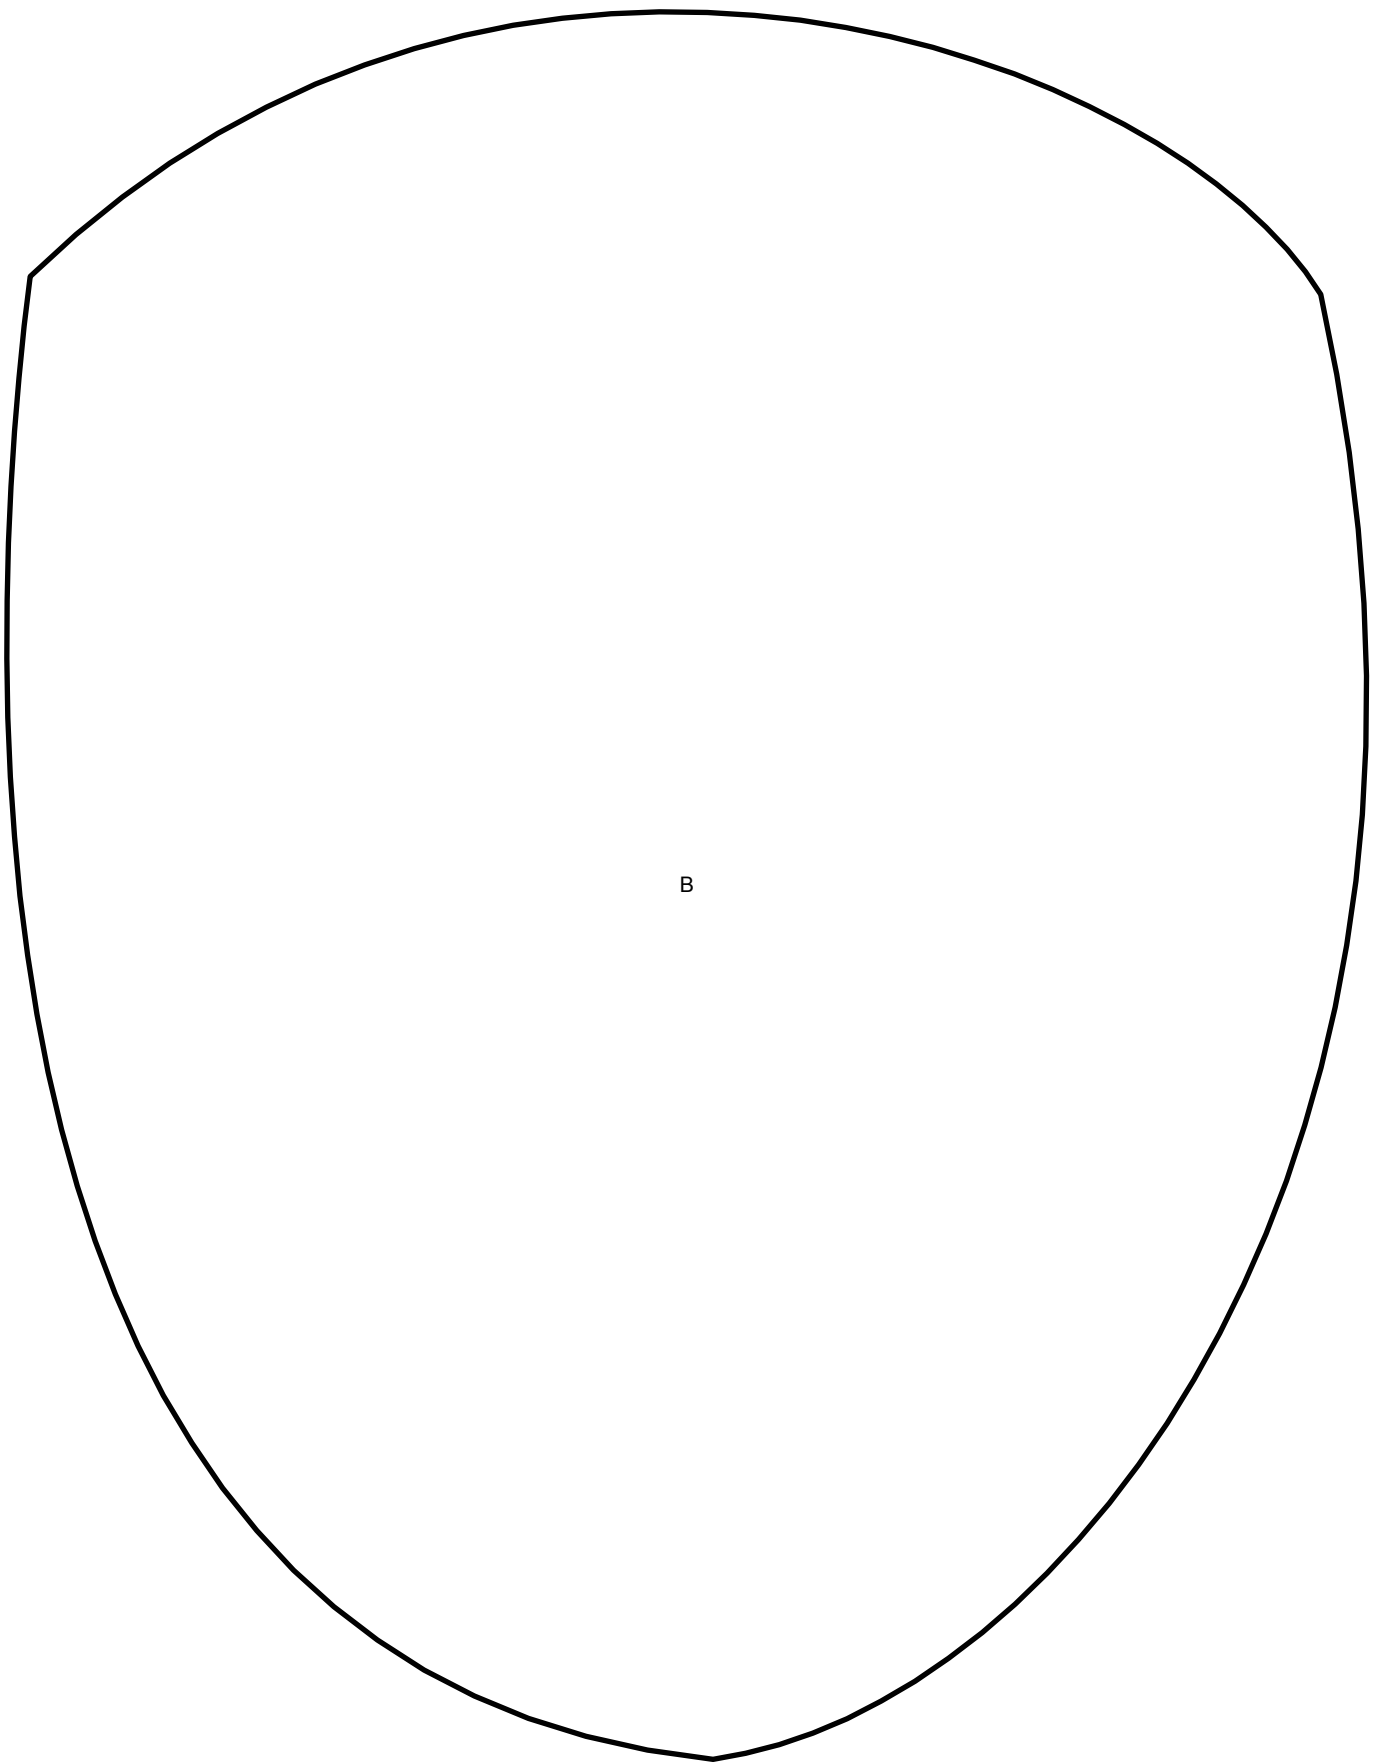

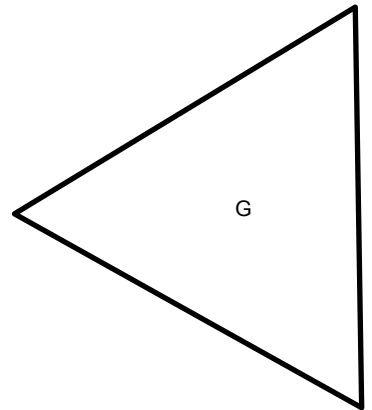

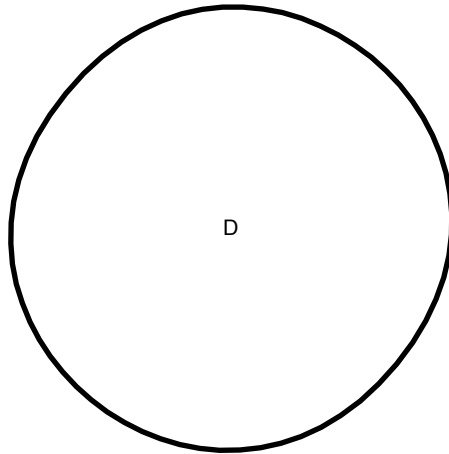

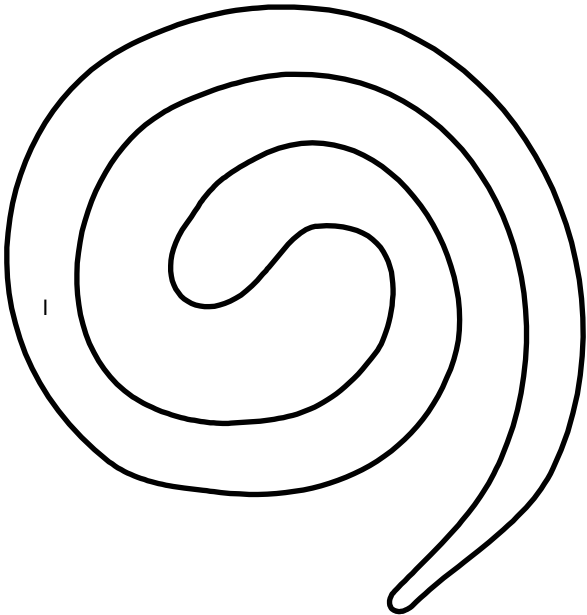

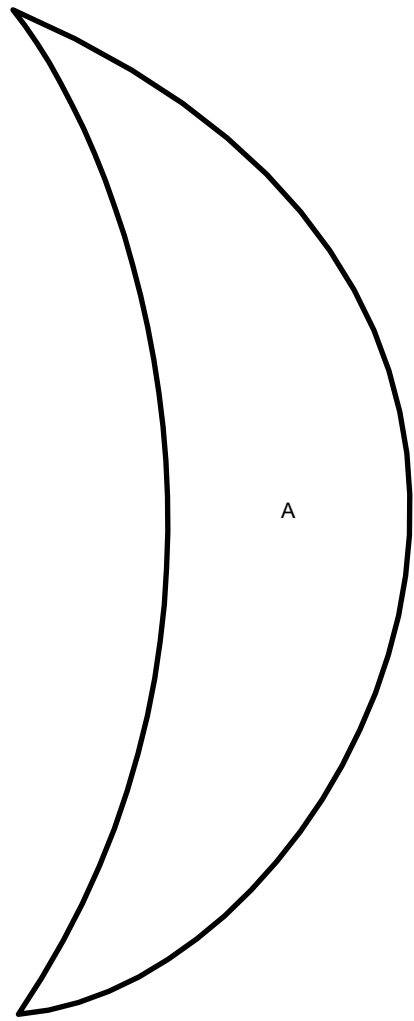

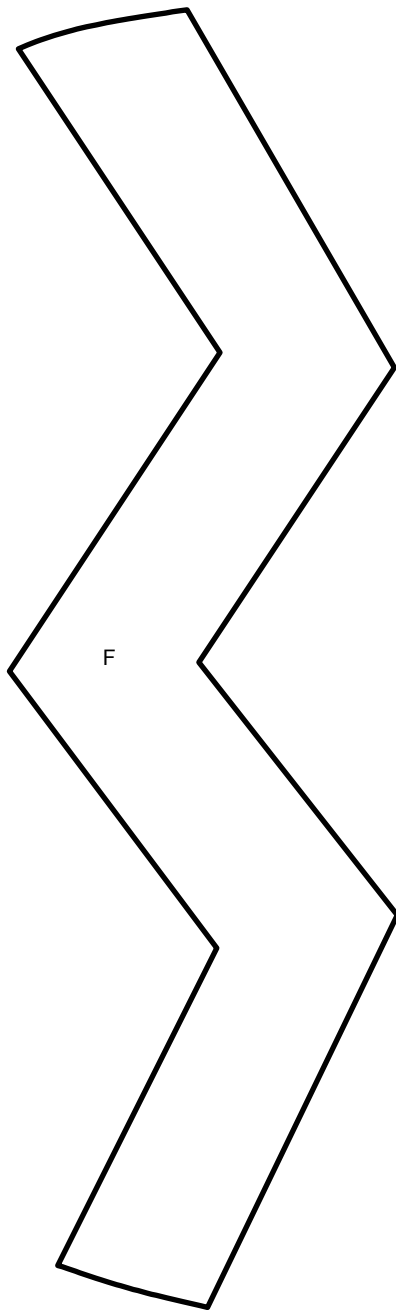

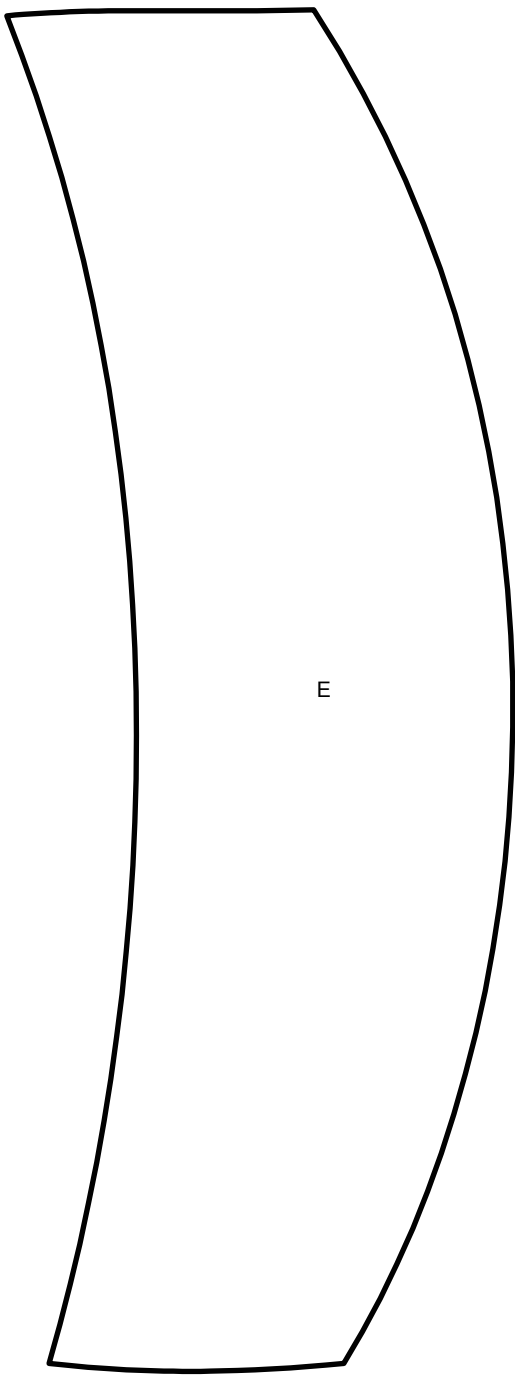

There are 3 basic bug shapes in this pattern. Labeled Bug 1-3 on the template sheets. I cut duplicate parts out to save paper. Please use the reference drawing to the left for patch placements. Be creative! Mix and match your bug parts for even more creepy crawlies!
